

Technology Inventory

The purpose of this activity is to encourage the teacher to determine the technology tools that are available for use in the classroom and HOSA chapter.

Classroom

1. How many PCs in the HSTE classroom? _____
2. What brands of PCs are available?

3. Is Internet access available?

4. Does the teacher have a dedicated PC or laptop?

5. What peripheral devices are available, and how many? (printers, scanners)

6. What other technology tools are available in the classroom?

Media Center

You may be surprised at the variety of technology tools available in the school's media center. Talk with your media specialist to determine what tools and support are available to faculty and students. (School media centers have equipment for video editing, teleconferencing, and other advanced technology application. Media centers often have a technology specialist.)

7. What types of technology tools are available in your media center. Be sure to indicate the quantity (#) of each tool.

Computer Lab

8. Do you have access to a computer lab? If so, list the number of computers in each lab

9. What is the process for accessing computer lab(s)?

Other Resources (Use the back of this page if necessary)

10. What other resources are available through your department, Career and Technical Education office, school administration, or health industry partners?
