

To: Potential Judges
Subject: HOSA 2010 National Leadership Conference – Judge Information

HOSA is a student organization that provides health care professionals with an opportunity to tap into Health Science classrooms to reach tomorrow's best and brightest potential health care workers. In 2010, the HOSA National Leadership Conference will bring nearly 5,500 of these young people to Disney's Coronado Springs Resort located in Orlando, FL. The dates are June 23-26, 2010.

We are actively recruiting professionals to serve as judges for HOSA National Competitive Events. The events are designed to motivate HOSA members to study, work hard, and achieve a high standard of excellence in a variety of leadership and skill disciplines. Judges are needed to evaluate student performance. The competition dates are Thursday, June 24 and Friday, June 25, 2010.

Are you familiar with HOSA? HOSA is a scholastic student organization that students join in high school if they are enrolled in a health science class or plan to pursue a health career, and may continue to participate in throughout their pre-professional careers in healthcare.

This organization provides students with the ability to develop their knowledge and skills through competitive events and networking with professionals in the health care community. If you would like more information regarding HOSA or the upcoming National Leadership conference you can find complete information online at www.hosa.org.

How much time would it require?

The orientation with meal is approximately an hour and a half – The competitive event lasts 2-3 hours. **Estimated total time between 4 and 5 hours.**

Why am I qualified to judge?

All judge information and answers to the competition questions are provided to the judges before the competition, as well as scoring guidelines. Due to the variety of events, adult professionals with a variety of skills and experiences are needed to serve as event judges.

Am I reimbursed for expenses?

No, however, HOSA does provide a light meal with your orientation. Also, a certificate of appreciation is given to you. And, don't forget the opportunity to meet with students and professionals from across the nation. Your participation can help encourage these students to pursue a health care profession.

Exactly where is it located?

Most events will be held at Disney's Coronado Springs Resort, 1000 West Buena Vista Drive, Lake Buena Vista, FL 32830. There will be 12 off-site events, with the majority being held at Valencia Community College which is located in the Orlando area.

We provide precise directions with local telephone contacts in our judge information packets. You will receive confirmation via e-mail from National HOSA when you agree to serve as a judge. You will also be provided with a copy of the event guidelines and judge instructions.

How do I sign up?

Review the event listing and decide which event(s) you would feel comfortable judging. E-mail or mail the Judge Registration Form to the address below, and we will follow up with your specific assignment.

Judges are needed for the following events:

- | | |
|-------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Medical Spelling | Health care professionals are needed to pronounce complex medical terms and judge the competitors on their accuracy in spelling those terms. |
| Dental Spelling | Dental care professionals are needed to pronounce complex dental terms and judge the competitors on their accuracy in spelling those terms. |
| Home Health Aide | Nursing professions are needed to evaluate two or more of the following skills: tympanic temperature, apical pulse, emptying a urinary drainage unit, dressing and ointment to broken skin, back rub, denture care, pulling a patient up in bed, and applying TED hose. |
| Clinical Specialty | Health professionals are needed to judge this event where competitors select the health career of their choice – then develop career-related skills, knowledge and work-based experience. |
| Extemporaneous Health Poster | Judges with art, graphic arts, marketing or similar skills evaluate artistic posters that interpret a health-related topic. |
| Extemp. Speaking Prepared Speaking | Judges evaluate public speaking skills. |
| Speaking Skills | Judges evaluate public speaking skills. THIS IS A SPECIAL NEEDS EVENT: Students compete only against other special needs students. |
| Medical Photography | Judges rate three digital photographs which competitors have taken which illustrate three different careers in health profession. |

Researched Persuasive Speaking	Judges evaluate a written research paper or a persuasive speech as part of this event.
Job Seeking Skills	Judges rate students who participate in a mock job interview for a healthcare position.
Interviewing Skills	Judges rate students who participate in a mock job interview for a healthcare position. THIS IS A SPECIAL NEEDS EVENT: Students in this event compete only against other special needs students.
Extemporaneous Writing	Healthcare and English language experts are needed to judge the written essays in this event.
Career Health Display	Healthcare professionals judge a display and oral presentation related to a health career from a pair of competitors.
Community Awareness	Judges evaluate a project carried out by a HOSA chapter to inform their community about a health issue. A team of judges evaluates a written notebook documenting the chapter's efforts, or an oral presentation by a team of chapter members.
Biomedical Debate	Health professionals are needed to judge either a preliminary round or an actual debate. Teams will debate on an annual topic. The 2009-2010 topic is “Drug Testing: Should high school students face mandatory drug tests?” The question to be considered in the preliminary round will be based on this year’s topic.
HOSA Bowl	Health professionals are needed to judge team answers to medical terminology and related questions in this "College Bowl" format.
Medical Reading	Health professionals evaluate competitor responses to questions from medically-related and leadership books.
Creative Problem Solving	Competitors are given a real or hypothetical health problem, and must apply the problem solving process to propose a solution to a panel of judges.
Health Education	Health Educators or other health professionals judge a videotape of students delivering a health-related lesson, or they interview the students to evaluate the planning, delivery and evaluation of the lesson.
Forensic Medicine	Teams will be given a case study and asked to identify the time of death, immediate cause of death, manner of death and record their remarks (pertinent observations) about the case that explains why they came to the conclusions they reached.

Public Service Announcement	Judges will evaluate a PSA that brings awareness to a healthcare situation, or educates the public at large in regard to health and well-being. This year's topic is: “Let's Get Ready, America!” www.ready.gov Ready is a national public service advertising campaign designed to educate and empower Americans to prepare for and respond to emergencies including natural disasters and potential terrorist attacks. The goal of the campaign is to get the public involved and ultimately to increase the level of basic preparedness across the nation.
Personal Care	Individuals perform patient care skills such as bedmaking, handwashing, positioning, transferring, and measuring TPR.
Medical Assisting	Individuals perform skills in medical assisting that may include wrapping instruments, medical history, infant height and weight, vital signs, positioning and gloving.
Physical Therapy	Judges will evaluate the competitor on one or more of the following skills: ambulating with a gait belt, walker, cane or crutches; range of motion, and ice pack application.
Public Health Emergency Preparedness	Teams select a topic of public health concern and create an effective public health presentation to educate the public on the chosen topic. Specific topic selection will be based on a category announced annually. The topic category is: Recent Outbreaks and Incidents
