

HOSA and STEM Premier - FREQUENTLY ASKED QUESTIONS

What is STEM Premier? STEM Premier™ is an online social media platform that enables students and professionals to showcase their accomplishments in areas such as science, mathematics, and technology and to connect students and professionals with colleges, universities, and potential employers.

Why STEM Premier? This digital portfolio-based profile allows students to keep an online record that will showcase all their skills and experiences in one location: courses, grades, credentials, interests, experience, extra-curricular activities, associations, and more. Students can share their profile via student invitation to colleges and companies to review as their digital resume. This profile becomes the student's permanent record - all in one place - all secure.

What HOSA Events will have STEM Premier incorporated as one of the criteria?

Creating a STEM Premier profile and uploading specific content is required in twelve (12) events within the National HOSA Competitive Events program. For competitors to fully participate in these events at the international level, the competitor must create a profile on STEM Premier, search for their respective event, and upload the required content (resume, paper, portfolio, event photos, PSA, etc.).
