

***New for 2019-2020***

Competitors are no longer required to show event guidelines at ILC. Teams will perform their presentation for a live audience in their community AND during the competition for a panel of judges. In previous guidelines, it was not explicitly clear that the projects should be presented in the community. A Verification Form and Reference Page are now required to be uploaded to Tallo by each team member (SS and PSC divisions only). Editorial updates and clarifications have been made to guidelines. The event rubrics have been updated to a new format. Scholarship information has been added to the guidelines.

**Purpose** To encourage HOSA members to work as a team to plan and teach others in their community about public health initiatives.

**Description** This event involves a team of 2-6 members who create an **effective, dynamic and creative** public health presentation and share the presentation in their community. The presentation will educate the public on the annually announced topic. The team will deliver their presentation to a live audience in the community during the school year, then present their work to a panel of judges during competition.

**2019-2020 TOPIC:**

**Know the Signs: Stop Opioids Before They Stop You!**

Opioid abuse has reached epidemic proportions. According to the Substance Abuse and Mental Health Services Administration. “Drug overdose is the leading cause of accidental death in the United States, with 68,690 drug overdose deaths between March 2017 and March 2018. More than 46,000 of those deaths involved opioids.”

In your public health presentation, you should educate the public on the signs and symptoms of opioid abuse and methods to decrease / stop the abuse.

During the actual event, competitors may wear official HOSA uniform, proper business attire, costumes or any attire appropriate to the presentation. There will not be a dress bonus for presentation dress since teams may wear whatever they wish to wear.

1. Competitors in this event must be active members of HOSA in good standing in the division in which they are registered to compete (Middle School, Secondary or Postsecondary/Collegiate).
2. Competitors must be familiar with and adhere to the [“General Rules and Regulations of the HOSA Competitive Events Program \(GRR\).”](#)
3. At ILC, [photo ID](#) must be presented prior to competing in each round.

## The Public Presentation

4. The goal of the event is to create and deliver a presentation to a live audience designed to inform the public about a Public Health issue. There are no official resources for this event. Teams are encouraged to visit the website of the [U.S. Public Health Service](#), the [American Public Health Association](#), AND use any and all additional resources that support the development of the topic.
5. The presentation must effectively inform the public about public health emergencies, with reference to the annual topic, when presented to groups in the middle school / high school / postsecondary / college / or community.
6. Presentations will be no more than ten (10) minutes in length.
7. Presentation tools such as posters, music, props, costumes, and other presentation tools may be used, with the goal of developing and presenting a creative and effective public health presentation. Basically, anything goes. The more creative, powerful and effective the presentation, the better. There is no limit to the presentation tools or techniques.
8. Teams should determine their target audience and make a plan for how, when, and where they will deliver their presentation to the community.
9. The Verification Form (page 8 of these guidelines) must be completed as proof that the presentation was given in the community. **Middle School division teams must bring a copy of the Verification Form to competition at every level (one per team).** The Verification Form must be uploaded by EACH member of the team to Tallo by the state published deadline (see Tallo instructions below). \*Note – only Secondary and Postsecondary / Collegiate Divisions are required to use Tallo. **Middle School division is not required to follow the Tallo upload requirements.**  
  
**Reminder:** *In team events, if there is a substitution on the team between regional/state and the ILC, the new team member who will compete at ILC MUST ALSO create a Tallo account and upload the required content. All participating team members at ILC need the material properly uploaded to Tallo.*
10. The presentation plan and development of presentation materials must be the original work of team members.
11. **Reference Page:** A reference page must be prepared for any content used to develop this presentation, and uploaded to Tallo by each team member. are required to use Tallo. **Middle School division is not required to follow the Tallo upload requirements.** Middle School division teams must bring a copy of the Reference Page to competition at every level (one per team).

More information on APA formatting may be found at the [Purdue Online Writing Lab \(OWL\)](#).

Your ONE PAGE 'References' title should be centered and sources alphabetized by the author's last name, first initial from the left margin. ### Uploading to Tallo

**\*Note – only Secondary and Postsecondary / Collegiate Divisions are required to use Tallo. Middle School division is not required to follow the Tallo upload requirements.**

Each competitor on the team must create a profile on Tallo, an online platform that showcases talent and skills and brings students, colleges, companies, and possibilities together. Competitors will create their online profile by visiting – <https://hello.tallo.com/hosa>.

Uploading your materials to Tallo is a requirement for most states and for ILC. Failing to upload the required materials will result in significant point loss at competition. Check the event rating sheet for details on how points are awarded.

- A. The main purpose for the partnership with Tallo is two-fold: (1) to provide the HOSA member with a permanent, professional online portfolio to share with universities and future employers and (2) to obtain valuable analytical membership data for HOSA, including demographic, academic, and career interest information. Entities, outside of Tallo, CANNOT access this information without explicit member permission.
- B. Every competitor on the team must create a profile and upload a .pdf of the verification form and reference page, to the **Public Health** competitive event opportunity on Tallo. **Detailed instructions** for doing this are in “step g” below and

also available at <http://www.hosa.org/tallo> as both a .pdf handout and web tutorial video.

- C. The size limit for any files uploaded to Tallo is 2.5 MB. To avoid an upload error, please be sure to save your .pdf as a compressed file or reduce the size of your embedded images. For instructions on how to do this, please visit: <http://www.hosa.org/filesize>.
- D. Regional and State Process:
  - 1. Competitors should check with their state advisor to see if Tallo is being used at the state level. If so, competitors should find out the deadlines for any regional or state conferences. State Advisor Contact information can be found here - <http://hosa.org/associations>
  - 2. The .pdf of the verification form and reference page must be uploaded prior to the state published deadlines.
  - 3. States will verify the material has been uploaded prior to any regional or state conferences.
- E. ILC Process:
  - 1. For those who advance to the ILC, the .pdf of the verification form and reference page must be uploaded to Tallo by midnight PST May 15, 2020.
  - 2. HOSA-Future Health Professionals will verify the material has been uploaded prior to the International Leadership Conference.
- F. Changing Content:
  - 1. If a competitor uploads the .pdf of the verification form and reference page for the regional and/or state level, it does not need to be resubmitted for ILC. Uploading the .pdf of the verification form and reference page ONCE is sufficient for all three levels of competition (regional, state, ILC).
  - 2. **However**, competitors ARE allowed to change the content of their verification form and reference page between conferences. IF such content changes are made, competitors should replace their original upload on Tallo with the most current version.
  - 3. The .pdf of the verification form and reference page that is in Tallo on May 15, 2020 is considered final and may be used for judging at ILC 2020.
