# Competitive Events Update 2019-2020

August 27, 2019

This update summarizes most major changes to the event guidelines, but is **not** an all-inclusive list. Changes to both the rating sheets and rules are made every year for consistency and clarity. Full event guidelines should be printed from HOSA.org every year to ensure the most up-to-date versions are being used.

<table>
<thead>
<tr>
<th>Event</th>
<th>Update</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>GENERAL EVENT UPDATES</strong></td>
<td></td>
</tr>
<tr>
<td>Time Remaining Announcements</td>
<td>Time remaining announcements have been added to all applicable event guidelines at 30 minutes, 15 minutes, 5 minutes, and 1 minute.</td>
</tr>
<tr>
<td>Calculators &amp; Scratch Paper</td>
<td>The use of basic handheld calculators and scratch paper have been added to Medical Math, Pharmacology, Epidemiology, and Pharmacy Science.</td>
</tr>
<tr>
<td>Tallo</td>
<td>The new name for STEM Premier is Tallo. Requirements for a Reference Page Tallo upload have been added in Healthy Lifestyle, Public Health, and Public Service Announcement.</td>
</tr>
<tr>
<td>Rubric Revisions</td>
<td>In many event guidelines, updated rubrics have been added to better define each subjective score possibility. Rubrics will look different with the 2019-2020 guideline release.</td>
</tr>
<tr>
<td>Showing Guidelines</td>
<td>Beginning with ILC 2020, event guidelines will no longer need to be shown at the event orientation.</td>
</tr>
<tr>
<td><strong>MIDDLE SCHOOL EVENTS</strong></td>
<td></td>
</tr>
<tr>
<td>Foundations of Medical Terminology</td>
<td>New name for the existing MT event for Middle School students.</td>
</tr>
<tr>
<td>Math for Health Careers</td>
<td>New testing only event – 35 questions with 10 time limiters.</td>
</tr>
<tr>
<td>Life Threatening Situations</td>
<td>New skills event – 15 question test with 3 skills. Call 911, Stop the Bleed, and Position the Injured using <a href="https://community.fema.gov/stop-the-bleed">https://community.fema.gov/stop-the-bleed</a> as the resource.</td>
</tr>
<tr>
<td>Health Careers Preparation</td>
<td>New leadership interviewing event – Includes a Statement of Interest that asks competitors to explain why they want to pursue a health care career, what their interests are in the field, how they got intrigued, why HOSA and how HOSA can play a role in their future. The event also has an interview with a panel of judges who will include similar questions.</td>
</tr>
<tr>
<td>Dynamic Decisions</td>
<td>New team event – similar to the existing Creative Problem Solving event for the SS/PSC divisions. 3-5 member team – 15 question test for round 1 – secret topic given in round 2 where teams will have 20 minutes to develop a 5 minute presentation solution.</td>
</tr>
<tr>
<td><strong>CHANGES FOR ALL DIVISIONS - 2 EVENTS</strong></td>
<td></td>
</tr>
<tr>
<td>Extemporaneous Health Poster</td>
<td>Update 8/27/19: The 2019-2020 membership year will be the last year that Extemporaneous Health Poster is offered for all three membership divisions. Beginning in 2020-2021, the event will move to the Middle School division only, and a replacement event will be introduced for the SS/PSC divisions.</td>
</tr>
<tr>
<td>Exploring Medical Innovation</td>
<td>The current Existing Medical Innovation will be renamed “Exploring Medical Innovation” and moved to a Middle School only event. The requirement to create a replica will be removed.</td>
</tr>
<tr>
<td>Medical Innovation</td>
<td>The current Original Medical Innovation will be renamed “Medical Innovation” and will only be open to SS and PSC divisions.</td>
</tr>
<tr>
<td><strong>HEALTH SCIENCE &amp; RECOGNITION EVENTS</strong></td>
<td></td>
</tr>
<tr>
<td>Medical Reading (SS &amp; PSC)</td>
<td>* Spark: The Revolutionary New Science of Exercise and the Brain by John J Ratey</td>
</tr>

<th>Event</th>
</tr>
</thead>
<tbody>
<tr>
<td>Foundations of Medical Terminology</td>
<td>New name for the existing MF event for Middle School students</td>
</tr>
<tr>
<td>Math for Health Careers</td>
<td>New testing only event - 30 questions with 5 interactions</td>
</tr>
<tr>
<td>LA Therapeutic</td>
<td>New event - 30 question test with 5 tables. Call 611, Stop the bleed, and Position the patient using Stabilize.</td>
</tr>
<tr>
<td>Health Careers Prepration</td>
<td>New teaching/learning event - Includes a scenario that asks competitors to explain to the patient in the role how they use medicine, drugs, and how HoSA can play a role in their future. The event also has an interview with a goal of showcasing important medical applications.</td>
</tr>
<tr>
<td>Dynamic Decisions</td>
<td>Newparmics event - similar to the existing Creative Problem Solving event for the S/PSC division.</td>
</tr>
<tr>
<td>S/PSC Division</td>
<td>5.5 member team, 30 question test for event 1, 5-member team given in room 2 where teams will have 50 minutes to complete a 5 minute presentation solution.</td>
</tr>
</tbody>
</table>

CHANGES FOR ALL DIVISIONS - 2 EVENTS

<table>
<thead>
<tr>
<th>Event</th>
<th>Change</th>
</tr>
</thead>
<tbody>
<tr>
<td>Entrepreneurship Health Poster</td>
<td>Update: Q.13.7. The design of the event will change after the 2021-2022 membership year will be the last year that Entrepreneurship Health Poster is offered for all 13 divisions. Beginning in 2021-2022, event will move to the Middle School division only, and a new event will be created for the S/PSC division.</td>
</tr>
<tr>
<td>Exploring Medical Innovation</td>
<td>The current Event Medical Innovation will be eliminated. &quot;Exploring Medical Innovation&quot; will move to the Middle School division only. The requirement to include a robot will be eliminated.</td>
</tr>
</tbody>
</table>

Accommodations in IEP Events

Speaking Skills
STUDENT ELIGIBILITY and ACCOMMODATION FORM REQUESTED
Completed by Competitor & Advisor

This form MUST be completed to provide student eligibility and accommodations for competition. If the student competitor listed on this form does not get the form by the deadline (SLC conference due date), then the student competitor will compete but will receive 35 penalty points. Points will be deducted in Tabu.

Please read this document in its entirety for instructions!

The purpose of this form is as follows:
1) to confirm a student’s eligibility for this event
2) to allow the student to request accommodation in this event
3) The ”Accommodations Provided at SLC” form (found on the following page) will list what reasonable accommodation was provided at the state/chartered association level (if a student advances to the ILC, the accommodation provided at the state association level is what will be provided at ILC, within reason).

Student Name: _______________________________________________________

State / Chartered Association: __________________________________________

State Advisor’s Responsibility: The State Advisor is responsible for submitting this entire completed form to HOSA by midnight Eastern Standard Time on May 15, 2020. The form will be submitted via the HOSA Special Activity online form. If you did not have competitors in this event at your state conference, write “none” across the form and submit it. One form for each of the four special needs events (LSS, IS, PC, and SS) will be required.

Process:
• The State HOSA Advisor will be able to view individual student eligibility forms submitted from competitors for the regional/state conference in Tabu.
• The state should implement a state-level process for determining what requested accommodations (from SECTION 2 above) will or will not be provided at state conference(s).
• The State HOSA Advisor or other Competitive Event leader from the state/chartered association level, who is familiar with the details of the event, completes this form.

Ideally this form will be completed on-site, during competition, so as to provide an immediate response to the student competitor.
Accommodations in non-IEP Events

HOSA APPENDIX I
HOSA MEMBERS WITH SPECIAL NEEDS

HOSA seeks to provide learning opportunities and leadership experiences for all HOSA members, including those who have special needs. The mission of HOSA clearly directs that HOSA opportunities should be available to all HOSA members:

The mission of HOSA is to enhance the delivery of compassionate, quality health care by providing opportunities for knowledge, skill and leadership development of all health science education students, therefore, helping students to meet the needs of the health care community.

There are times when the needs of HOSA members require additions to conference services or modifications to competitive events. HOSA provides reasonable services and modifications in keeping with a set of general principles.

Managing Competitive Events
This page is designed to help chartered associations manage competitive events at the regional/area and state/country level. The goal is to provide information, forms, files, and processes that are used at the international level in hopes they are duplicatable by states. Most files are included in Word, so they may be easily edited as needed. For questions, please contact us.
Sample Skill Event Scenarios:

- Biomedical Laboratory Science
- CERT Skills
- Clinical Nursing
- CPR / First Aid
- EMT
